SERVANTS

Israel & Sandra, Sebastian Chavez Plett

We were invited by a church in California to be the speakers at their missions event last Sunday. What a privilege to share about what God is doing in our ministry in Mexico, and encouraging them to stay involved in God's big mission. While there, we had the opportunity to connect with the Multiply office in Fresno, and share with a variety of groups of people and individuals and were greatly encouraged to remember we have so many people and churches partnering with us in mission!

We are encouraged by how God is moving in our little church plant of LifePoint. We had an event this month called the "Fiesta de Luz" to remember that we are called to be light in dark places. While we were away in California different members of our congregation stepped into roles of preaching, worship leading, and teaching Sunday school. Continue to pray with us for spiritual growth, maturity, and learning to use our gifts both inside and outside of the church so more can know Him.

While in California we also got to spend time with really good friends, and doing some outings as a family. These times of refreshing are so important, and a real gift in the midst of ministry. We are especially thankful for the friends that Sebastian has made. In a lifestyle where we are so often saying "farewell" (to family, teams, interns, students) it's a gift when we get to see friends or family again!
